Once you log in, you will see your student dashboard.

Each square/tile is a class. To enter the class, simply click on the name of the class.

When you click on a class, you will be taken to the homepage for the class.

You can return to the student dashboard at any time by clicking on the "Dashboard" button on the left.

On the homepage, you will find these important items:

1. A Google Meet button – use this button to attend the live lesson for each class.
2. A button to get help from you teacher during office hours. Use this link to talk with your teacher or get extra help during the scheduled office hours.
3. A button for Modules – this button will take you to the content for the class. This is where any readings, videos, and assignments will be found.
