

# *Sunrise Mountain High School*

My name is Hannah Aquino, and I was born and raised here in Las Vegas. After going to school out of state, I knew that coming back and teaching in my favorite city was what I wanted to do. I discovered my love of cooking at a young age- my first real "meal" that I made for myself was some canned tomato soup, and I've been hooked on cooking ever since.

I am so excited to be here at Sunrise Mountain. I love cooking and I love working with my students. I hope they will love these classes as much as I do, and I can't wait to share the joy of cooking with them!
