

Sunrise Mountain High School

My name is Denise Teklu. I am thrilled to be teaching Sociology at Sunrise Mountain High School. I have lived in Las Vegas for 2 years. I am originally from Los Angeles, CA. I graduated from the University of California, Davis. I received my Bachelor's Degree in African-American and African Studies with a minor in History. I completed my teacher education program in History at Nevada State College. I am happily engaged to Jose and we have a handsome son together. I am grateful for the opportunity to join the family at SMHS. It is a great feeling to work and cater to the students in my own community.
