00:11:40.757,00:11:43.757

Hallie Loewy [Sunrise Mountain HS]: So that I understand independent work time the student does not need to necessarily be on their chromebook on video? - No, students do not need to be logged into a Google Meet with their teacher during independent time. They are working on their own with their classwork on Canvas. They can log into the Teacher Office Hour Google Meet session if they would like to get help during 10:10 am - 11:00 am.

00:11:41.197,00:11:44.197

Hallie Loewy [Sunrise Mountain HS]: In regards to our students who have IEPs, 1 on 1 time can be scheduled with the teacher. The Wednesday schedule allows for those types of opportunities.

Hallie Loewy [Sunrise Mountain HS]: In regards to our POST program, the students will log onto Canvas at 8 am and will click on their teacher's class. There will be a link to the Google Meet session and the teacher will be there live to greet the student. Since they stay with the same teacher the entire day, they may have some different breaks throughout the day and could have a little bit different schedule, but that will be explained further to the parents and students when they log on at 8am on the the 24th with the teacher.

00:22:25.358,00:22:28.358

Leilani Irene Shive [Sunrise Mountain HS]: Malia...Con respecto a nuestro programa POST, los estudiantes iniciarán sesión en Canvas a las 8 am y harán clic en la clase de su maestro. Habrá un enlace a la sesión de Google Meet y el maestro estará allí en vivo para recibir al estudiante. Dado que permanecen con el mismo maestro todo el día, es posible que tengan diferentes descansos a lo largo del día y un horario un poco diferente, pero eso se explicará con más detalle a los padres y estudiantes cuando se conecten a las 8 a.m. del día 24
