

SOT meeting August 28,2020

Meeting called to order at 2:52pm

Roll Call

Present

AJ Adams
Danny Price
Michael Long
Sherry Swindell
Jennifer Hill Sanderson
Velynda Kimes
Martha Torres

Public

Leilani Shive

Agenda items

Budget

Budget was approved in Spring by SOT
not losing SB178 funds \$1.4 million

Additional cuts

Spring 2020 budget for 2020-21 was cut \$98 per pupil

Only for high schools

\$80,000 approx depending on student enrollment

Count day Sept 11

Budget open Sept 17

District did not take any carry over money after legislative session \$450,000

2773 enrollment as of 8/27/20

Have we taken no shows into consideration?

We will once we approach count day

We put Boys Town on hold until we knew certain budget items were verified

Wrap around services will be:

We will continue with Boys Town (1 staff member) ,

2 Community in schools staff members

CERT program, SB 178 will fund

We will have social workers

2 admin positions that we did approve but did not fill

Dept budgets have remained the same since last year We can start ordering stuff now (75% allocation for Fall)

We lost the \$200/ students who were eligible for college and career readiness (about \$18,000)

not using IXL- didn't get the data from them to be able to evaluate the effectiveness of program

Student success office (AP and Coordinator)-haven't hired yet

Distance Learning

Swindell- students were frustrated with technology issues. Overall positive attitudes from students, they are glad to be back.

What are some of our support staff doing?

Campus monitors have responsibilities . Many end of the year closing procedures since we left the building early. They will have direct responsibilities every day, including home visits, wellness checks, and opportunities to learn other skills that may allow them to cross train.

Long- How will we address discipline issues online? We will have more abilities to control students entering and exiting the class. Students will not be able to access the google meet classroom after the teacher leaves the meet.

Kimes- How can we work with students in a positive way (SEL) so after a behavioral incident we can get students back into class and they have a good attitude.

A re-engagement plan

Price- students must use their school gmail account to log into classes and to send emails to teachers and staff.

Long- Can we record class for discipline purposes? Adn not share it?

No, without parental consent we may not record.

Price- recommended that teachers may want to record their lesson outside of live direct instruction time.

Adams- in giving teachers choice, an instructor may find that their direct instruction may be more enriching for viewers in case questions may arise that can clarify some points that learners may have.

Staffing

Adams- we are good on staffing.

We have 2 permanent long term subs

How many staff positions did we not fill or cut?

15 vacancies not filled mostly math and english , 1 FL,

We left 2 admin positions open and did not fill.

Comments from the public

Shive-Glad that we have many positions in wraparound services. Beginning a mentoring program which will really help our students

Tentative next SOT meeting

Monday September 21,2020 at 2:50pm

Adjournment of meeting at 3:58pm
